LA **VISION D'ORCID** EST UN MONDE DANS LEQUEL
TOUS LES PARTICIPANTS À LA RECHERCHE,
L'ACADEMIE ET L'INNOVATION SONT IDENTIFIÉS
INDIVIDUELLEMENT ET LIÉS À LEURS
CONTRIBUTIONS ET AFFILIATIONS À TRAVERS LE
TEMPS, LES DISCIPLINES ET LES FRONTIÈRES.

Qu'est ce qu'ORCID?

- ORCID est une organisation ouverte à but non lucratif dirigée par et pour la communauté de la recherche.
- ORCID fournit aux chercheurs un identifiant unique (et persistant), un ORCID iD, qui les relie de manière fiable et claire à leurs contributions, à leurs affiliations, à leur financement, à leurs installations et plus.
- Un ORCID iD n'est PAS un profil d'auteur
- ORCID fournit des outils ouverts (ORCID iDs, registre et APIs) qui permettent des connexions transparentes entre les chercheurs et les identifiants de leurs activités et contributions.

ORCID en tant qu'organisation

ORCID: We won't be sold

Submitted by Laure Haak on Tue, 2016-08-16 13:46

ORCID was founded to deliver a specific goal: every researcher who wants to have a unique lifelong identifier should have one, and be free to use it in their daily work. Every time a researcher, scholar, or other knowledge worker shares their ideas, they should be able to connect their identifier to their ideas. Every expression of knowledge – in whatever form it takes – should be connected to the people who created it and the places and spaces where the ideas were developed. This is summed up by our [vision](#) of a world where all who participate in research, scholarship, and innovation are uniquely identified and connected to their contributions and affiliations across disciplines, borders, and time.

INFRASTRUCTURE

The ORCID Board completed a self-assessment this year, and a thorough review of [ORCID governance policies](#) has resulted in the creation of a [Board Charter](#) and clarifying updates to our [bylaws](#). We undergo annual external audits of our financials, led by our [Audit Committee](#) and supported by Operations Director [Sarah Hershberger](#). [We are thrilled to declare that in 2019 we have reached breakeven!](#) In addition to a financial audit, we also undergo an annual external privacy and security audit, this year led by [Will Simpson](#), who in addition to being our Technology Director has assumed the mantle of ORCID Privacy Officer. And if that is not enough in one year, Will and Sarah worked with the Audit Committee to create a risk register, which we are using to prioritize actions for the coming year.

Comment les organisations et les chercheurs peuvent en bénéficier

INSTITUTIONS

- Gagnez du temps en réduisant le nombre d'erreurs grâce au partage automatisé d'informations et à l'interopérabilité entre
- Gérez le nom de votre organisation et les relations de vos chercheurs avec elle
- Maintenez des liens avec vos chercheurs – passés, présents et futurs

CHERCHEURS

- Améliorez leur visibilité et accordez-leur plus de reconnaissance vis-à-vis de leurs recherches
- Laissez-les se concentrer à ce qu'ils font de mieux, à savoir la recherche, afin qu'ils passent moins de temps à devoir la gérer
- Contrôlez et gérez un registre fiable et facilement partageable de leurs activités de recherche et de leurs affiliations – tout cela, gratuitement

ORCID en France

- 37 membres institutionnels (35 membres du consortium)

CIRAD

Research Institute | France

<http://www.cirad.fr/en/>

CIRAD is a French public establishment (EPIC) under the joint authority of the Ministry of Higher Education, Research and Innovation and the Ministry for Europe and Foreign Affairs.

It is an agricultural research Centre working for the sustainable development of tropical and Mediterranean regions. Its activities concern the life sciences, social sciences and engineering sciences, applied to agriculture, the environment and territorial management. Its work centres on several main topics: food security, climate change, natural resource management, reduction of inequalities and poverty alleviation.

CIRAD has a global network of partners and of twelve regional offices, from which it conducts joint operations with more than 90 countries.

Training, dissemination of information and knowledge and innovation sharing naturally complement agricultural CIRAD's research mandate by giving its partners and development players the means to make the choices incumbent upon them.

CIRAD has been a ORCID Member since 2015. Implementing ORCID ID in Agritrop (<http://agritrop.cirad.fr/>), the Open Repository of CIRAD publications is part of the institutional aims to identify CIRAD researchers worldwide and promote their publications.
