DataHub

- HKU data repository

<https://datahub.hku.hk>

The screenshot displays the DataHub HKU website. At the top left is the HKU logo. A navigation bar includes a 'Browse' link, a search bar with the text 'Search on University of Hong K...', and a 'Log in' link. The main banner features a photograph of a HKU building with red flowers in the foreground, overlaid with the text 'Data Hub' and the HKU crest and name in Chinese and English. Below the banner, a section titled 'Discover research from University of Hong Kong' includes a '+ Follow' button. A filter bar shows 'ALL', 'CATEGORIES', and 'SEARCH' with a magnifying glass icon, along with a 'sort Posted date' dropdown. Below this, statistics are shown: '69 views', '0 downloads', and a link to 'more stats...'. The footer contains a list of links: 'About', 'How to Deposit', 'Contact', 'Deposit Agreement', 'DMP tool', 'Privacy Policy', 'HKU Copyright & Disclaimer', 'T&Cs', 'FAQ', 'Tools', and 'Disclaimer', followed by a 'Sitemap' link. At the very bottom, it says 'figshare. credit for all your research.'

DataHub

- HKU data repository

1

**Comprehensive
Repository**

- ✓ A comprehensive repository for research data and other forms of scholarly outputs

- ✓ Compliance the university RDM policy

**HKU Research
Data Management
Policy**

2

3

Open Access

- ✓ Collects, preserves, and provides stable, long-term global open access to research data and scholarly outputs

- ✓ Findable, Accessible, Interoperable, and Reusable

**FAIR Data
Principle**

Display the ORCID in the author list

The screenshot displays the HKU Scholars Hub website. At the top, the university's name is in English and Chinese, accompanied by its crest. A green navigation bar contains links for Research Unit, Researcher, Publication, and Data. The main content area features the title of a research article, 'The Value of Contrast-Enhanced CT in the Detection of Residual Disease After Surgery for Ovarian Cancer'. Below the title, the authors are listed: AN, H; Chiu, KWH (with an ORCID icon); Tse, KY; Ngan, HYS (with an ORCID icon); and Khong, PL. A 'SHOW MORE' button is also present. The publication type is identified as 'article', and it is associated with two collections: 'Diagnostic Radiology: Journal/Magazine Articles' and 'Obstetrics & Gynaecology: Journal/Magazine Articles'. At the bottom, there are tabs for 'Abstract', 'Full', and 'Statistics', with the 'Abstract' tab currently selected, showing the beginning of the text: 'Rationale and Objectives: To evaluate the diagnostic performance of contrast-e'.
